

PHYSICAL THERAPY & PERFORMANCE

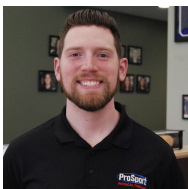

# MEET OUR TEAM

## Laguna Hills

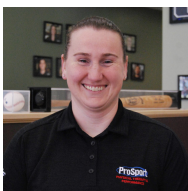

### Abraham Yi PT, DPT

Abraham graduated with his DPT from Chapman University. He enjoys treating athletes and overheads baseball, football, volleyball, and water polo. Outside of the clinic he likes working out, playing piano, running, basketball, and hanging out with this corgi.

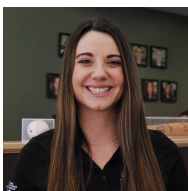

### Alex Williamson PT, DPT, CSCS

Alex graduated with his DPT from Cal State Long Beach. He specializes in orthopedics, sports orthopedics, and post-surgical rehab. Outside of the clinic he likes traveling, basketball, Disneyland, going to the beach, and concerts

### Becca Koppel, PT, DPT

Becca graduated with her DPT from Chapman University. She specializes in ACL and lower extremity sports injuries. Having been a collegiate ice hockey player, Becca is familiar with the demands of sports at the highest level and enjoys returning athletes to their passion. Outside of work, she likes participating in Crossfit, playing adult league ice hockey, and spending time with friends

### Casey Tulcan, PT, DPT

Casey graduated with her DPT from Azusa Pacific University. After graduating, she started working for ProSport where she quickly fell in love with the patient population and clinic environment. She specializes in orthopedics and post-op rehab including. Outside of work, you can find Casey in a coffee shop hanging out with friends or enjoying the outdoors either camping or at the beach!

### Max Biessmann PT, DPT

Max graduated with his DPT from the University of St. Augustine in San Marcos. He works primarily in outpatient orthopedics with some home health experience. He has an extensive coaching background in swimming, triathlon, and running. He likes working with endurance athletes and treating foot, ankle, and gait mechanics. Outside of work I enjoy trail running with my dog Moose, playing with my daughters, and doing random DIY projects around the house.

### Ryan Guzman, PT, DPT, CSCS

Ryan received his DPT at Chapman University. His clinical experience consists of treating outpatient Orthopedic Musculoskeletal injuries, working with athletes, and return to sport. Outside of work, he likes to lift weights, watch/attend sporting events, barbecue, and play with his dog.
